CORE

New Generation® Carpet & Upholstery Preconditioner

Formulated for traffic lanes and moderately soiled areas of today's stain resistant fibers. Loosens the toughest water and oil-based stains.

Fragrance: fresh and clean
pH range: 9.0-9.5
Max. Dilution Ratio: 1:10

Heavy Duty Carpet Preconditioner

Formulated for traffic lanes and heavily soiled areas.

Fragrance: fresh and clean
pH range: 11.5-12.0
Max. Dilution Ratio: 1:8

All Fiber Extraction Detergent

A concentrated, effective detergent formulated for all carpet fibers including synthetics, wools and non-colorfast fibers. It's non-foaming and free rinsing with a neutral pH.

Fragrance: desert rain
pH range: 7.0-8.0
Max. Dilution Ratio: 1oz./gal.

New Generation® Extraction Detergent

Formulated for use on today's stain resistant fibers. Contains non-foaming detergents and solvents for deep cleaning action. Moderate alkaline and phosphate free.

Fragrance: desert rain
pH range: 9.0-9.5
Max. Dilution Ratio: 1oz./gal.

Colorfast Carpet & Upholstery Acid Rinse

A unique blend of mild acids that stabilize dyes and dye blockers. Specially formulated for color sensitive fabrics.

Fragrance: fresh and clean
pH range: 3.5-4.0
Max. Dilution Ratio: 1:6

Heavy Duty Extraction Detergent

An alkaline extraction detergent formulated for aggressive cleaning and restoration of heavily soiled carpets.

Fragrance: desert rain
pH range: 11.5-12.5
Max. Dilution Ratio: 1 oz./gal.

New Generation® Spin Bonnet Solution

Formulated for interim, non-residual bonnet cleaning of wool and stain resistant carpets. Lifts soil from fiber tips.

Fragrance: sassafras
pH range: neutral
Max. Dilution Ratio: 1:10

Heavy Duty Spin Bonnet Solution

Specially blended for interim, nonresidual bonnet cleaning when a more aggressive formulation is required. Lifts soil from fiber tips.

Fragrance: sassafras
pH range: 9.0-9.5
Max. Dilution Ratio: 1:10

New Generation® Carpet Shampoo

A highly concentrated carpet shampoo, specially formulated for stain resistant fibers. Designed for use in foam generating or rotary machines. Contains special soil retardants and crystallizing agents to reduce resoiling.

Fragrance: fresh and clean
pH range: 9.0-9.5
Max. Dilution Ratio: rotary- 1:16
foam- 1:10

Fast Dry Upholstery Shampoo

A mild, neutral pH shampoo developed for natural and synthetic upholstery fabric. For use with traditional hand cleaning, rotary or foam generating methods. Contains special soil retardants and crystallizing agents to reduce resoiling.

Fragrance: fresh and clean
pH range: neutral
Max. Dilution Ratio: 1:10

Haitian Cotton Shampoo

Specially formulated to clean Haitian and raw cotton upholstery fabrics. Eliminates cellulose browning after cleaning.

Fragrance: fresh and clean
pH range: 5.0-5.5
Max. Dilution Ratio: 1:4

Mal-A-Kill Odor

Neutralizes odors at their source. Effectively removes odors caused by urine, mildew, vomit, smoke, perspiration, fire damage and countless others. Leaves carpets fresh.

Fragrance: lemon/citrus
pH range: Neutral
Max. Dilution Ratio: 1:4

Concentrated Liquid Defoamer

A unique formulation that kills foam quickly and effectively in vacuum systems of carpet and upholstery cleaning equipment.

Fragrance: n/a
pH range: neutral
Max. Dilution Ratio: 2 oz. by wt/5 gal. water

Browning Treatment

Eliminates or reduces cellulose browning caused by over-wetting, wicking or extreme alkaline conditions.

Fragrance: n/a
pH range: 4.0-4.5
Max. Dilution Ratio: ready to use
