

Beginning in early May, we will be moving from cartons to bundles for all corn brooms. This change will be made on an individual basis as old stock depletes. The brooms will remain the same great quality. This is simply a change to provide more ecofriendly packaging and also avoid a price increase due to the continued high cost of broomcorn. Cartons will still be available to the customer at 50¢ extra per broom for a pack of 12, or 70¢ per broom for a pack of 6. Brooms that are currently packed in cartons of 6 will now be bundled in packs of 6, and the item number will stay the same. The only exception is the Kleenette Broom 2104-6, which will still be packed in a carton. Brooms that are currently packed in cartons of 12 will now be bundled in packs of 6, and the item number will change to reflect this. See the affected products below.
