

When you need an Instant Hand Sanitizer that has no alcohol and is STILL effective against germs...

Choose

Foaming NO ALCOHOL Instant Hand Sanitizer *by Kutol* **contains Aloe Vera, Vitamin E and moisturizers to help nourish skin**

Kills 99.9% of common germs • Easy on skin • Non flammable • Soft feel and scent

Instant Hand Sanitizers are great for cleaning hands when soap and water are not available. But alcohol based sanitizers can be harsh and drying to skin. Plus, more and more institutional users are calling for a no-alcohol product. Kutol has developed a quaternary formula Instant Hand Sanitizer with the same efficacy as the alcohol product but with added moisturizers Aloe and Vitamin E.

BENEFITS OF NO ALCOHOL FORMULAS:

- Ideal for schools and institutions that do not want an alcohol product
- Available in wall hanging, counter-top, bulk, and hand-held dispensers
- No Touch dispenser can be placed on our custom stand to create a freestanding Hand Hygiene station
- Use in public foyer and waiting areas, food preparation settings, and for personal portable hand sanitizing.

- ✓ **Non-flammable**
- ✓ **Fast acting**
- ✓ **Kills 99.9% of common germs in 15 seconds or less**
- ✓ **E3 rated, approved by NSF**
- ✓ **Contains Aloe for moisturizing skin and Vitamin E, a well-known antioxidant**
- ✓ **Does not dry out skin like alcohol based hand sanitizers**
- ✓ **Works WITH skin's natural oils instead of stripping them away**
- ✓ **Helps maintain smooth, youthful looking hands**
- ✓ **With less chapping, germs cannot hide in dry skin cracks**
- ✓ **Does not evaporate like alcohol**
- ✓ **Pleasant light scent, no medicinal smell**
- ✓ **Great soft after-feel**
- ✓ **No rinsing, just rub in and let dry**
- ✓ **More economical than alcohol products**

HOW TO USE NO ALCOHOL INSTANT HAND SANITIZER

Dispense sanitizer
and rub in thoroughly:

palm to palm...

backs of hands...

between fingers...

thumbs and wrists...

nails and fingertips.

The CDC recommends thorough handwashing with soap and water as the best way to prevent disease. When soap and water are not available, Instant Hand Sanitizers are the best choice for hand cleaning.

Established in 1912, Kutol Products Company has enjoyed a long and successful history in the Hand Hygiene business. We manufacture 100% of our products in our modern, FDA-registered facility in accordance with stringent government guidelines. You can buy from us with confidence, knowing that all products are manufactured in compliance with government regulations and Good Manufacturing Practices. Kutol is dedicated to bringing to the marketplace innovative products that promote better health and safety. We continually strive to help our customers provide sanitary facilities while also meeting their environmental goals.

Manufactured in the USA in a LEED® Silver certified facility.

LEED and the related logo is a trademark owned by the U.S. Green Building Council and is used with permission.
