

2000 mL and 4500 mL Dispensing System

Large Capacity Skin Care Made Easy

DuraView® by Kutol is the large capacity dispensing system that's first in it's class for appearance, security and performance. Available in 2000 mL and 4500 mL sizes, DuraView utilizes a replaceable cartridge and dispenser combination.

The skin care pouch is sealed inside a waterproof, heavy-duty PVC cartridge to prevent contamination and protect the pouch. When it's time to refill, simply remove the old cartridge and insert a new one – lock it in place and you're ready to go! In addition to being durable and great looking, the labeled cartridge creates the ultimate view window, eliminating all guesswork about product-type and soap level.

Both 2000mL and 4500mL cartridges utilize the same durable dispenser for convenience and flexibility.

- **Larger capacity means fewer change outs**
- **One dispenser for both 2000mL and 4500mL**
- **Soap level is easy to see**
- **Loads easily - just replace entire cartridge**
- **Easy dispensing, ADA compliant**
- **Large variety of skin care products available**
- **Stylish and practical**

DuraView - Perfect for every location!

In the restroom...

In the shower...

In the plant...
