

Pro-Series® Wipers

TWO PAK Double Dispensers

Introducing the new double dispenser box from MDI featuring best-selling Pro-Towel® and Super Rag® Universal Spunlace wipers and our newest Super Rag Complete grade, developed for superior results and value. Designed with productivity in mind, low profile Two-Paks™ feature larger wiper sizes with controlled, high capacity dispensing to get the most out of every box.

Two-Paks require fewer change outs than traditional packaging, and our unique design provides two dispensing options to pull through one wipe at a time and prevent sheets from falling back into the box. With a maximum footprint of 10"x13", the Two Pak is perfect for a variety of workspaces – fitting conveniently on a shelf or workbench, or even in a vehicle.

All Pro-Series® Spunlace products wipe surfaces completely dry, are virtually lint-free, solvent resistant, and free from binders and contaminants.
