

Safety Data Sheet

Date.May 15,2015

1. PRODUCT AND COMPANY IDENTIFICATION

Product Name	Pee Pod
Company	EIKOSHA CO.,LTD.
Address	7-1 Kitainoue-Cho Higashino Yamashina-ku Kyoto 607-8141 JAPAN
Telephone No.	075-591-1008
Emergency phone No.	075-591-1008

2.HAZARDS IDENTIFICATION

GHS Hazard Classifications

PHYSICAL HAZARDS

Metal corrosives	Category 1
------------------	------------

HEALTH HAZARDS

Acute Toxicity	
Oral	Category 4
Skin corrosion/irritation	Category 2
Serious eye damage/eye irritation	Category 2A
Specific target organ systemic toxicity	
-single exposure	Category 3
Cancer causing	Not classified

ENVIRONMENTAL HAZARDS

Hazardous to the aquatic environment	
-acute	Category 3
-long term	Category 3

※ [Classification not possible] or [Not Classification] is the Hazards Category which is NOT written on the above.

Hazard Pictograms

Signal Word

Warning

Hazard statement

May be corrosive to metals
Harmful if swallowed (do not ingest)
Causes skin irritation
Causes serious eye irritation
May cause respiratory irritation

※Under normal usage for intended purpose(PeePod) is safe

Precautionary statements

Under normal use it is safe to install Pee Pod with blue plastic bag
Wash eyes thoroughly after handling
Keep only in original container
Do not eat,drink or smoke when using this product
Wash hands thoroughly after handling
Avoid release to the environment
If inhaled:Remove victim to fresh air and keep at rest in a position comfortable for breathing
Call a poison center or doctor/physician if you feel unwell
Specific treatment
Absorb spillage to prevent material damage
Rinse mouth
If On skin:Wash with soap and water
If In eyes:Rinse cautiously with water for several minutes,Remove contact lenses if present and easy to continue rinsing
Take off contaminated clothing and wash before reuse
If skin irritation occurs:Get medical advice/attention
If eye irritation persists:Get medical advice/attention

Storage	Store in a well ventilated place,Keep container tightly closed Store locked up Store in a corrosive resistant
Disposal	Dispose of contents/container at an appropriate waste disposal facility in accordance with local/regional regulation

3. COMPOSITION / INFORMATION OF INGREDIENTS

Substance / Mixture	Mixture		
General products description	Urinal cleaning device (Pee Pod)		
Ingredients and composition	Name	Cas No	%
	Sulphamic Acid	5329-14-6	87.6-
	Polyethylene glycol	25322-68-3	12

4. FIRST-AID MEASURES

Inhalation	Remove victim to fresh air and keep at rest in a position comfortable for breathing If breathing is difficult, administer artificial respiration If exposed or concerned: Get medical advice/attention Do not allow drink vomit
If On Skin	Rinse skin immediately If the appearance of the skin has changed, Get medical advice/attention Gently wash with soap and water Take off contaminated clothing and wash before reuse
If In Eyes	Continue to rinse for at least 15 minutes eyeball and eyelid Get immediate medical advice/attention
If swallowed	Get medical advice/attention Rinse mouth Do not induce vomiting

5. FIRE-FIGHTING MEASURES

Extinguishing media	Carbon dioxide, Foam or powder fire-extinguisher
Specific method of fire-fighting	Extinguish the fire using fire-fighting media Fighters should work from the windward side Eliminate all ignition sources if safe to do so Around the place where a fire has occurred, Authorized personnel only
Protective measures in fire	Firefighters should wear proper protective equipment

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Wear protective equipments in case of operation. Keep away from the place authorized personnel
Environmental precautions	Pay attention to prevent the released product from leaking to public river so as to give no impact to environment
Method for cleaning up	Stop leak if safe to do so
Prevention of secondary hazards	Keep away all ignition sources and prepare extinguishing media Dispose of incrustation

7. HANDLING AND STORAGE

※Under normal usage for intended purpose(PeePod) is safe

Handling	No information
Technical measures	Under normal use it is safe to install Pee Pod with blue plastic bag
Precautions for safe handling	Wash hands and face, and rinse mouth thoroughly after handling Avoid ingestion Wear protective equipments when risk of exposure occurs Use corrosion-resistant protective equipment Handling in a well ventilated area Do not eat, drink and smoke while handling Wash hands thoroughly after handling
Sanitation	
Storage	Store at fire-resisting construction(wall, pillar and floor) and whose beam made from non-combustible material Store in corrosive resistant suitable container with a resistant inner liner Do not store containers under direct sunlight or ear fire Store material in a cool and dark place Store container tightly closed in well-ventilated areas Do not store sulfurous acid and active chlorine compound adoringly Avoid long term storage
Storage conditinos	
Material for Container and package	Containers which are prescribed in Fire and Disaster Management Act and UN transport regulations.

8. EXPOSURE CONTROL / PERSONAL PROTECTION

1.Administrative Exposure Limit
2.Occupational Exposure Limit

Name	1	2	ACHIG-TLV
Sulphamic Acid	Not determined		No information

Manufacturing facility control

Install eye washers and safety showers in work sites where the substance is manufactured and handled

Ventilation equipment should be explosion-resistant

Use corrosion resistance or heat resisting property hoses used to convey for device or chemicals

Respiratory protection

Respiratory protective equipment

Hand protection

Protective corrosive resistant gloves (rubber,polyethylene)

Eye protection

Wear suitable protective goggles

Skin and body protection

Wear protective equipment for face

Wear protective clothing

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	White Crystalline Powder
Odour	Slight odor
ph	No information
Melting point/range	205°C
Boiling point/range	No information
n-octanol/water partition coefficient	No information
Spontaneous ignition point	No information
Viscosity,dynamic	No information
Flash point	Not applicable
Specific gravity	1.2-1.3

10. STABILITY AND REACTIVITY

Stability	Stable under normal condition
Possible hazardous reactions	There are no reactive
Conditions to avoid	None known
Incompatible materials	Strong oxidizing compound
Hazardous decomposition products	Will not occur

11. TOXICOLOGICAL INFORMATION

Please refer NO.2 HAZARDS IDENTIFICATION

12. ECOLOGICAL INFORMATION

Please refer NO.2 HAZARDS IDENTIFICATION

13. DISPOSAL CONSIDERATION

Disposal must be made accrding to regulation in your country or region

14. TRANSPORT INFORMATION

International restriction

Maritime regulations (IMDG regulation)

UN Number 2967

UN Classification Class 8

Packing group III

Aviation regulations (ICAO and IATA regulations)

UN Number 2967

UN Classification Class 8

Packing group III

Domestic restriction

Rail and road transportation information None

Marine transportation information Follow the mode of transportation as provided in the vessel safety law

Aviation transportation information Follow the mode of transportation as provided in the aviation law

15. REGULATORY INFORMATION

Vessel safety law Corrosive substance

Aviation law Corrosive substance

Act on port regulations Corrosive substance

16. OTHER INFORMATION

The information contained herein are based on all the information and data that we can obtain as of the data issued. However we do not give guarantee regarding the contents, physical or chemical properties, hazards or harm. All remarks and precautions are premised on ordinary handling and it is the user's responsibility to take enough considerations in case of particular use.
