75-2020	6"x4"x5/8"	1/24	1.0#	0.27

24-005B

Tough-Scour Poly Soap Pad

This is ideal for commercial kitchen cleaning due to its three-layer construction. This palm-size pad consists of two abrasive scrubbing surfaces with a foam center and is filled with highly concentrated liquid detergent.

Item No	Pk	Case Wt	Cu
24-005B	4/5	2.5#	0.30

Dubble Scrubble

Dubble Scrubble Hand Pad

A two-sided, non-woven hand pad. The white light-duty side is great for delicate surfaces that can scratch easily, such as Teflon®, Silverstone®, Plexiglas® or other sensitive surfaces. The green medium-duty side is great for scrubbing pots & pans or tough stains that need extra power. 6"x4"x5/8"

Item No	Pk	Case Wt	Cu
DUBBLE-SCRUBBLE	1/24	1.0#	0.27

ISP01PB Bag 24-002 Box Soap Pads

Soap Pads are fully saturated with cleaning formula for greater sudsing and cleaning power. Large hotel size fits in the palm of the hand. Tackles tough baked-on foods and other cleaning problems. Available poly bagged or boxed.

Item No	Pk	Case Wt	Cu
ISP01PB	12/10	8.2#	1.30
24-002	12/10	11.5#	1.26

678

Griddle Screen Kit

Contents: 1 pkg. (20) Screens, (10) grill pads and (1) griddle pad holder. Griddle pad holder is manufactured with high heat resistant resins, so it won't melt or burn. Built to withstand heat up to 400°F. Gripping fingers hold pads firmly to holder.

Item No	Pk	Case Wt	Cu
678	1/6	8.0#	0.20

95370

Griddle Scrubber "One-Piece"

Tough, durable open weave pad cleans faster and lasts longer. Heat resistant handle is easy to use. Rinse clean for multiple uses.

Item No	Pk	Case Wt	Cu
95370	1/10	3.0#	0.43

GH100

676

Griddle Pad/Screen Holders

The GH100 metal base holds grill pads and screens. It protects hands from burns and speeds cleaning. The heat-resistant and high-impact plastic handle stands up to 400°F.

Our #676 griddle pad/screen holder is manufactured with high heat-resistant resins, so it won't melt or burn. Its "gripping fingers" dig deep into the pad to hold pads firmly to holder.

Item No	Pk	Case Wt	Cu
GH100	1/10	6.0#	0.43
676	1/10	2.5#	0.32

Grill Cleaning Products

GC-36 **GC-QT**
Griddle Cleaner Liquid

Liquid Griddle Cleaner: Pre-mix of griddle cleaning liquid is fast and safe for use on food contact surfaces. Loosens and lifts grease and oil for easy removal. Available in 3 oz. portion packs or quart bottles.

Item No	Size	Pk	Case Wt	Cu
GC-36	3oz.	1/36	10#	0.22
GC-QT	1qt.	1/4	12#	0.30

GC-KIT
Heavy Duty Liquid Grill Cleaner Kit

This grill cleaning kit includes grill cleaning pads and holder, grill cleaning liquid packs and a squeegee with a handle. The fast acting, mildly alkaline cleaner will quickly dissolve heavy grease build-up and baked-on carbon. It will not damage aluminum.

Item No	Size	Pk	Case Wt	Cu
GC-KIT	18-3/4x11-1/4x2-3/4"	1	4.3#	0.336

M10195 **GH16**
Griddle Squeegee
Griddle Pad Holder

This grease & heat resistant griddle squeegee helps remove griddle cleaner liquid and debris after cleaning is completed.

Our long handle Griddle Pad Holder is manufactured with high heat-resistant resins, so it won't melt or burn. Its "gripping fingers" dig deep into the pad to hold pads firmly to the holder.

Both the Griddle Squeegee and the Griddle Pad Holder are 16" long to ensure safe reach.

Item No	Size	Pk	Case Wt	Cu
M10195	16 OAL	24	13.5#	0.9036
GH16	16 OAL	24	8.5#	1.0190

20-682TSH
Grill Screens

Tough aluminum oxide abrasive eliminates the toughest burnt-on foods. Open mesh screen resists clogging. Fast cleaning action leaves no mess on the grill.

Item No	Size	Pk	Case Wt	Cu
20-682TSH	4x6" 10/20	3.5#	0.13	
GS103	4x6" 50/8	8.0#	0.40	

46-673
Grill Pads

This is a dual-purpose 4" x 6" pad. Used with grill screen holder, the grill pad maximizes screen life and minimizes loading. Used alone, with holder, grill pad adds final polish to make future cleaning easier.

Item No	Size	Pk	Case Wt	Cu
46-673	4x6" 1/20	1.0#	0.19	
GP100	4x6" 6/10	2.5#	0.65	

GB12-TSH
Grill Brick

Scrubble® Products is the premier supplier of grill bricks to the foodservice industry. This product cleans HOT residue-encrusted grills quickly with little effort. Will neither scratch grill nor lift surface cure. Individually wrapped grill brick.

Item No	Size	Pk	Case Wt	Cu
GB12-TSH	8x4x3-1/2"	1/24	8.0#	1.80

96-609
Medium Duty Stripping Pads

This special size nylon pad is designed for reaching deeply into fryolators or any hard to reach area. The Stripping Pad is long enough to grip with two hands for underneath and backside element cleaning.

Item No	Size	Pk	Case Wt	Cu
96-609	4x25" 1/24	8.0#	1.80	

Paper Filters

AFCH1
10" Cone Holder

SHEET-
SINGLE THICKNESS
1. Measure width and length.
2. If a hole is present:
A. Measure across the opening of the hole to determine the diameter.
B. Measure all sides to the outside of the hole to determine the position.

DISC-
ROUND WITH/WITHOUT HOLE
1. Measure diameter of disc.
2. If a hole is present:
A. Measure across the opening of the hole to determine the diameter.
B. Measure all sides to the outside of the hole to determine the position.

ENVELOPE-
DOUBLE THICKNESS with stitching on 2 or 3 sides. These filters will come with or without holes. If a hole is present, it will either be through 1 sheet or go directly through the filter.
1. Measure width and length.
2. If a hole is present:
A. Measure across the opening of the hole to determine the diameter.
B. Make a note if the hole is through 1 side of the filter or passes straight through both sides of the filter.
C. Measure from the closed or stitched points of the filter to the edge of the hole. You should have 3 measurements for the hole position when you've finished.

CONE-
DOUBLE THICKNESS
1. Stitched one edge.

Mops, Brooms and Handles

MOP BASICS

ACS Products offers a wide variety of yarns to help you achieve your specific mopping needs more efficiently. The following information should assist you in selecting which mops are right for you.

YARN

The variety of mops is large because certain yarns are designed for a specific task. It's important to understand that selecting the proper yarn will enable you to achieve maximum efficiency.

CUT-END (Nonlaunderable)

These mops are more economical at purchase; however, cut-ends tend to fray, lint and unravel with steady use. This condition will lead to increased mop replacement.

LOOP-END

The loop-end mop performs more efficiently by resisting tangles without linting and fraying. These mops stand up to heavy use. Sewn-in tailband provides wide surface coverage without gaps. Some loop-mops may be laundered with care.

5" wide or 1-1/4" narrow vinyl coated mesh headband is more durable

A variety of quality yarns allow you to choose the right mop for the right job

Multi-Sewn, color-coded tailband provides wide surface coverage without gaps

Loop-Ends keep yarn from tangling, fraying and linting

Yarn	Advantages	Disadvantages	Applications
Cotton	Good absorption and retention Low initial cost	Needs to be broken in Produces lints and is slow-drying	General Use
Blends	Ideal choice for performance durability and price Synthetic fibers add color	May shrink over time	Professionals who require a better, more durable mop
Synthetic	Synthetic yarn fights bacteria, mold and mildew while providing superior strength	Higher cost Not as absorbent	Clean rooms and rough surfaces
Rayon	Quick absorption and release Dries fast, is mildew resistant and lints less	Less liquid retention	Applying liquids for finishes and disinfectants

Cut-End Wet Mops

Natural, Narrow-Band, Cut-End

Made of premium quality cotton yarn for high-absorbency and longer wear. Narrow-band construction with cut ends. Each mop is individually packaged. Sewn-in label for easy identification and re-order. Narrow-band is 1-1/4" vinyl coated mesh. Available in a True Ounce Professional Series and Value Line for economic mopping.

Floor Pads

Blue Velvet UHS Soft

Removes black marks without removing the finish. Achieves a higher gloss level in heavy traffic areas. The UHS pad will yield more time between recoatings. Use with machines up to 3000 RPM.

Aqua Burnishing UHS

A UHS pad that lightly polishes softer floor finishes. This pad is thick and soft. Ideal for top dressing to a reflective gloss. Use with machines up to 3000 RPM.

Pink Burnishing Eraser

This UHS pad is designed to restore finish and improve gloss on harder floor surfaces. Removes marks and scuffs quickly. Excellent durability and minimal finish removal. Use with machines up to 3000 RPM.

Beige Poly Thermal UHS

Designed to stand up to the high heat and strength required with propane burnishing. This pad produces a very high gloss finish. Performs well on soft to medium surfaces. Use with machines up to 3000 RPM.

Natural Blend Light

A controlled blend of polyester and natural hair fibers makes this a versatile UHS pad. The lubricating effect of natural hair produces the wet look with soft finishes while providing strength and durability. Use with machines up to 3000 RPM.

Natural Blue Hair Blend

A balanced blend of blue polyester and natural hair fibers makes this a top performing UHS pad. The lubricating effect of natural hair produces the wet look with soft/medium finishes while providing strength and durability. Use with machines up to 3000 RPM.

Natural Hair Blend Medium

This is an aggressive burnishing pad that combines a heavy blend of natural hair with the proper amount of synthetic fiber. Best suited for medium to hard finishes with speeds up to 3000 RPM.

Natural Hair Blend Heavy

This is the most aggressive burnishing pad available. The ideal combination of natural hair and synthetic fiber to provide a wet-look shine. Best suited for hard finishes with speeds up to 3000 RPM.

Floor Pads

Type 45

Peach Burnishing HS Auto Scrub

An aggressive open weave pad that is soft and thick. Designed to work with all types of floor finishes. It allows wax dust to be absorbed up inside the pad and not be spread around the floor surface.

Can be used as an ideal Auto Scrubber Pad, daily HS work or spray buffing up to 1500 RPM.

Type 41

White Polishing

This popular extra fine pad is formulated for polishing clean, dry floors. A fine water mist is used to produce a high gloss wet look. This thick pad is ideal for polishing soft waves on wood floors.

Use with 350 – 800 RPM machines.

Type 34

Tan Buffer

The perfect pad for light cleaning and dry buffing. Removes scuffs and black heel marks while producing a high gloss shine.

Use with 350 – 800 RPM machines.

Type 51

Red Buffing

Restores gloss while removing scuff marks and dirt on medium traffic areas. Can be used dry or spray buffing to produce a sparkling shine. Ideal for automatic scrubbing.

Use with 350 – 800 RPM machines.

Type 53

Blue Cleaner

This pad is designed for wet scrubbing or medium-duty spray cleaning. Removes heavy dirt and scuff marks on most floor surfaces. This pad will remove the top layer of floor finish.

Use with 350 – 800 RPM machines.

Type 55

Green Scrubber

Our toughest duty, most aggressive scrubbing pad for heavily soiled areas. Best when used for wet scrubbing or light stripping. Very durable and long-lasting.

Use with 350 – 800 RPM machines.

Type 71

Brown Strip

A very strong pad for wet or dry stripping applications. Quickly removes wax, dirt and old finish leaving surface ready for immediate recoating.

Use with 350 – 800 RPM machines.

Type 72

Black Strip

Our most popular stripping pad designed for heavy-duty wet stripping. Very aggressive texture to remove wax, dirt and any finish. Tough, durable and built to perform.

Use with 350 – 800 RPM machines.

Floor Pads and Sandscreen

Type 75

Midnight Super Strip

Highly abrasive and tear resistant with heavy-duty stripping power. Unique fiber blend for long lasting durability. Open weave design allows for flow through without build up and loading. Pads are 5/8" thick. Use with 175 – 300 RPM machines.

Type 73

Emerald Hy-Pro Strip

Maximum abrasive content, tear resistant and long wearing. Wide open mesh construction allows solutions to flow through without loading and build up. Highly aggressive, 5/8" thick is the toughest of them all. Use with 175 – 300 RPM machines.

Type 47

Redwood® Conditioning/Strip

The Redwood® pad is a general purpose conditioning pad and is designed for stripping, cleaning and general surface conditioning. Best suited for roughing-up finish between coats. Thin Line pads are 3/8" thick and are packed 10 per case. Use with 175 – 300 RPM machines.

Type 57

Maroon FPP 2.0-Dry Strip

Maroon FPP is a chemical-free stripping pad. Best used for dry stripping before coats and refinishing of wood/vinyl floor surfaces. Thin Line pads are 3/8" thick and are packed 10 per case. Use with 175 – 300 RPM machines.

Rectangular Floor Pads

For use with all orbital floor machines. Cut from the same material as their round sibling and will produce the same results.

Diamond Impregnated Floor Pads

Diamond by Gorilla® is a system of floor pads that cleans and polishes concrete, terrazzo & natural stone floors mechanically without the use of chemicals. Diamond by Gorilla® system consists of floor pads impregnated with billions of microscopic diamonds that will transform any dull, worn floor into a clean shining floor. The diamonds abrasives come in different sizes that create different levels of aggressiveness, each one ideal for levels of cleaning and polishing. This system can be used on surfaces such as concrete, terrazzo, marble, ceramic and other natural stones as well as VCT when using the 1500 and up polishing pads. A Combo-Starter Pack of 1 each: 400, 800, 1500 & 3000 is available.

DBG-100

100 Grit Diamond Pad

Our most aggressive diamond pad. To be used on damaged floors or after grinding. For heavy-duty removal of scratches and discoloration of the surface.

DBG-200

200 Grit Diamond Pad

An aggressive diamond pad to be used on damaged floors or after grinding. For heavy-duty removal of scratches and discoloration of the surface.

DBG-400

400 Grit Diamond Pad

An aggressive diamond pad to be the next step used on damaged floors or after grinding. For heavy-duty removal of scratches and discoloration of the surface.

DBG-800

800 Grit Diamond Pad

An intermediate diamond pad to be the first step for bringing back floors not maintained on a regular basis. This pad cleans and removes small scratches. Leaves a slightly reflective finish.

DBG-1500

1500 Grit Diamond Pad

This diamond pad is for maintained floors. It prepares floors for high polishing while removing fine scratches. The 1500 can be used as your regular maintenance pad.

DBG-3000

3000 Grit Diamond Pad

The 3000 diamond pad produces and maintains a "wet-look" floor. Use it as your normal maintenance pad on concrete, stone, terrazzo, tile and even VCT.

DBG-8000

8000 Grit Diamond Pad

This diamond pad produces and maintains a "wet-look" shine. Use it as your normal maintenance pad on concrete, stone, terrazzo, tile and even VCT.

DBG-11000

11000 Grit Diamond Pad

The 11000 grit diamond pad produces the ultimate "wet-look" shine. Use it as your normal maintenance pad on concrete, stone, terrazzo, tile and even VCT.

Steel Wool

Specialty Pads

Duala

Low Speed Clean & Shine Pad

Cost effective floor maintenance is easy with just water and the Duala™ dual purpose, clean & shine floor pad under a low speed or autoscrubber floor machine. Duala™ will take a dull floor and give its surface a clean, bright look, removing surface marks and buffing to a bright shine. Comes in a low or high speed design which features the laminated inner strata for centrifical strength at high speeds.

Duala

High Speed Clean & Shine Pad

Cost effective floor maintenance is easy with just water and the Duala™ dual purpose, clean & shine floor pad under a low speed or autoscrubber floor machine. Duala™ will take a dull floor and give its surface a clean, bright look, removing surface marks and buffing to a bright shine. Comes in a low or high speed design which features the laminated inner strata for centrifical strength at high speeds.

TURBOSTRIP

Segmented Stripping Pads

The ACS Turbostrip™ Segmented Rotary Strip Pad features 24 polygonal segments with overlapped angular edges that bite into floor wax aggressively. The ultimate stripping pad! Achieves up to 5X faster wax removal than standard black strip pads. Use with 175 – 300 RPM machines.

Safety Products

KIT-SB GATOR SHOES & GATORBACKS

Stripping Boots

These stripping boots reduce your risk of slipping while keeping footwear dry and away from harsh chemicals. Full coverage Velcro® pads provide superior attachment for the soles. These can act as spot stripping tools by kicking over hard to reach areas.

Sweatband-400	4/100	11.00#	0.93

Floor Machine Pads

Floor pads are traditionally ranked in aggressiveness by its color. The lighter the pad, the less aggressive it is and the darker the color the more aggressive. ACS Treleoni® distinguishes floor pads based on stripping, scrubbing, buffing and burnishing. Each pad has a purpose based on type of floor, chemical and machine being used. Your ACS Treleoni® representative can advise you on the best pad(s) for your situation.

BURNISHING PADS

ACS Treleoni® Burnishing/Polishing pads bring out the shine on floors with conventional speed equipment. They are also used for removing light scuff marks. Machine speeds range from 175 to 1000 plus RPM.

The list of pads include:

UHS Super White

Blue Ultra

Beige

Aqua

Pink Max

Peach

Natural Light

Blue Blend UHS

Natural Poly

Natural Fiber

Coconut

Floor Machine Pads

STRIPPING PADS

Stripping pads are designed to get the surface back to its original condition. They are by nature a heavier denier fiber and may contain a more aggressive grit. ACS Treleoni® pads are specifically designed with a more open weave to permit the chemical to do its job as it is agitated by the pad. Machine speed up to 350 RPM.

Emerald High Performance

Our most aggressive stripping pad cuts stripping time significantly.

Ultra-High Performance

Extremely durable for tougher stripping jobs.

Black Stripping

Long-lasting heavy-duty stripping.

Brown Dry Strip

For fast uniform stripping wet or dry.

SCRUBBING / CLEANING PADS

Pads are used for a range of purposes from light-stripping to heavy-duty scrubbing. ACS Treleoni® pads remove heavily soiled areas and most scuff marks prior to recoating. Machine speed up to 350 RPM.

Green Scrubbing/Cleaning

Blue Scrubbing/Cleaning

BUFFING PADS

For light-cleaning and buffing. ACS Treleoni® buffing pads bring out the shine on floors. They are also used for removing light scuff marks and dirt. Machine speed up to 350 RPM.

Red Conventional Buff

Red 40 Light Duty

POLISHING PADS

ACS Treleoni® polishing pads bring out the shine on floors with conventional speed equipment. They are also used for removing light scuff marks. Machine speed 175 to 350 RPM for dry polishing buffable finishes.

White Polish

For dry polishing or with fine water mist to ensure high gloss.

RECTANGLE PADS

ACS Treleoni® rectangle pads are available in 4 sizes: 12" x 18", 14" x 20", 14" x 28", 14" x 32" and are used on oscillating rectangle scrubbing machines.

Black-Extra heavy-duty stripping

Maroon- Dry Strip/Recondition
