Hand Care Specialists

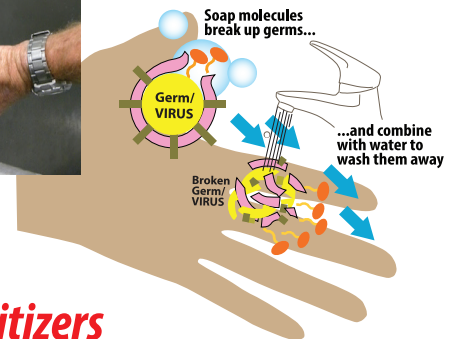

Hand Care Solutions that
Keep Workers Productive

Help Prevent the Spread of Germs and Absenteeism with Kutol®Pro and Health Guard® Soaps

Hand Cleaning is the #1 way to prevent the spread of illness, and heavy grime on hands can harbor more germs than typical. Kutol Pro specialized heavy duty soaps and Health Guard general purpose hand soaps and sanitizers lather easily, clean quickly and rinse completely. Less time washing, more time working.

Help Kill Germs with Health Guard® Hand Sanitizers even in fire hazard areas

Health Guard hand sanitizers kill germs when soap and water is not available. Easy, fast, convenient. Our 62% and 70% Alcohol formulas meet CDC recommendations. In a hazard area where flammability must be avoided, Health Guard **No Alcohol** Hand Sanitizer kills 99.99% of common germs without water, and is non-flammable.

Hand Sanitizer in dispensers on floor stands make hand cleaning easy. Use No Alcohol Hand Sanitizer in hazard areas.

Convenient, portable tottle bottles and other small bottles

ALWAYS HAVE WHAT YOU NEED Kutol Products Company has been manufacturing and distributing commercial hand soaps and sanitizers for over 100 years.

We can ensure a steady supply of hand soaps, hand sanitizers, and durable dispensers for your restrooms, locker rooms, sink areas and hand sanitizing stations so your workers are never without effective hand cleaners.

SDS Sheets are available for all products

OSHA has found that appropriate work practices lower employee exposures to hazardous substances and reduce safety hazards. Some fundamental and easily implemented work practices are:

- Use of appropriate personal hygiene practices
- Use of barrier and moisturizing creams
- Good housekeeping

Kutol's Specialized Hand Cleaning Products Help Reduce Risk Factors and Downtime

Help Prevent Occupational Dermatitis with Kutol®Pro's 3-Step Hand Care Program

PREPARE HANDS

Use **Kutol®Pro BEFORE WORK Hand Cream** at the beginning of the day to help repel and make it easier to wash away industrial soils from the skin.

6415
Before Work 5 oz tube

CLEAN HANDS

4783
Walnut Scrub 8 oz tube

RESTORE HANDS

Use **Kutol®Pro AFTER WORK Hand Cream** at the end of the day to help soothe, moisturize and restore dry hands.

6315
After Work 5 oz tube

Occupational Dermatitis is the inflammation of the skin caused by contact with damaging substances such as solvents, chemicals, irritants or allergens. Acute soreness, redness, itching and cracked skin can occur. \$1B annually in lost wages is due to skin disease, as many workers cannot continue working. In heavy work environments, proper skin care products should be used.

Kutol Pro's 3-Step Program 1) helps prevent dermal absorption of harsh substances, 2) cleans grime from hands quickly, and 3) helps maintain proper skin condition.

Help Prevent Slip & Fall with Health Guard® Dispenser Design

Health Guard Designer Series dispensers were created specifically to produce less dripping and mess. Our dispensers dispense from the top, making it easier to see the soap being dispensed and preventing unneeded pushes. The valve location at the top of the dispenser rather than the bottom reduces dripping significantly. And, Health Guard foam soaps dispense with a thick foam that covers hands easily and rinses quickly, saving water. All this adds up to less product dripping, less water released, and less chance of spills that become a slip and fall hazard.

KUTOL - KEEPING YOU PRODUCTIVE AND ECO-RESPONSIBLE

We are dedicated to making our products eco-responsible. Our popular Health Guard Foaming Luxury Hand Soaps are Green Seal® Certified and Ecologo® registered. They meet the strict high standards of these 3rd party regulatory agencies. Our Luxury and Antibacterial Hand Soaps and Alcohol Hand Sanitizers are USDA BioPreferred® so the least amount of harm is done to our water and ecosystems. And, all of our Kutol Pro Heavy Duty Hand Soaps have low VOCs, meeting California pollution regulations.
