BlueRibbonWarranty

In the event that an OEM manufacturer does not honor its warranty when using **Janitized**® brand replacement bags, APC provides a product warranty that meets the OEM warranty.

Visit www.janitized.com for warranty details.

Gold Seal Warranty

In the event that we are unable to ship your order complete by the requested ship date, **Janitized**® will add one free case of the back order. APC reserves the right to ship from more than one warehouse to complete your order.

Visit www.janitized.com for warranty details.

ABOUT US

Janitized® vacuum bags and filters are the industry's first and most comprehensive line of commercial grade aftermarket filters designed for commercial cleaning professionals. Manufactured by APC Filtration Inc., an ISO 9001:2015 quality managed company providing over 25 years of air filter design, engineering, manufacturing and appliance testing to global equipment and appliance manufacturers. Janitized® vacuum bags and filters incorporate filter materials that meet or exceed OEM filter specifications and performance. These products are exceptionally tough and durable; built to handle demanding cleaning applications while improving indoor air quality (IAQ) and worker safety by capturing 99% of sub micron dust particles and allergens. Janitized® vacuum bags & filters meet and/or exceed OEM product specifications providing up to 40% more vacuum cleaner suction, up to 55% more dust loading area and up to 46% more wet/dry tear strength vs genuine OEM filter bags.

% Filtration

■ ProTeam*
Super Coach*

- Up to 99% micro-filtration at 0.3 micron**
- Up to 40% increased airflow
- Up to 55% increased filter area
- Up to 46% stronger than Genuine OEM bags

** Results of Fractional Efficiency Testing conducted by an independent laboratory @ 0.3 micron @ 26.5 fpm.

When you purchase Janitized® products you get premium quality filtration and peace of mind.

The industry's first compostable vacuum cleaner filter bag to be approved and validated by Underwriters Laboratories (UL) and to earn the Certified Biobased Product Certification and Label from the United States Department of Agriculture (USDA).

All products and packing materials are made from 100% renewable resources. They are designed to be recycled and/or biodegrade when aerobically composted; reducing the amount of valuable resources entering our landfills to meet Federal Trade Commission (FTC) Green Guidelines.

Janitized® is committed to making a difference towards improving our global environment.

Janitized
Industrial & Commercial Sweeper / Scrubber Filters

Janitized® aftermarket panel & industrial filters offer TWO filter media options to cover most applications and operating conditions:

1. Cellulose filters for dry cleaning applications
2. Washable Spunbond filters for wet and dry applications

The Janitized® filter frame construction is made up of a (4) piece rigid 24 gauge electro-galvanized steel frame, designed to prevent flexing and premature corrosion. Additional stiffeners are added to handle the sweeper's automatic vibration cleaning systems.

Janitized® panel filters provide increased filtration & longer filter life, reducing equipment downtime, filter waste disposal and maintenance costs.

RESTORATION FILTRATION

Natural disasters and man-made failures or defects cause damage to buildings and its contents disrupting people's lives, businesses and the communities they are in. The disaster restoration industry uses a variety of specialized equipment to remedy the damage caused by water, fire and mold growth. The equipment is only as good as the filters used.

& S1400 HEPA Dust Extractor

OEM#: 200700070

Case Quantity: 4 pieces

Material:

HEPA Certified Filtration Efficiency 99.99% @ 0.3µm

Dimensions: 13" h x 5" d (black end)
or 6.25" d (blue end)

PULLMAN HOLT*

PULLMAN HOLT* - TRIAD*

PULLMAN HOLT*

Janitized® Part #:

JAN-EC930-2(10)

Designed to Fit:

Pullman Holt* 390ASB

OEM#: B600900

Case Quantity: 10 - 10 packs

Material:

2 Ply Combination Paper & Melt Blown Micro Filter

TRIAD*

Janitized® Part #:

JAN-HVAC185

Designed to Fit:

Triad* - Karcher* Prochem* AFD
Stage 1 Pre-Filter

OEM#: 98409540

Case Quantity: 12 - 1 packs

Material: Polypropylene Co-pleated with wire mesh

Dimensions: 16" x 16" x 1"

TRIAD*

Janitized® Part #:

JAN-HVAC140

Designed to Fit:

Triad* - Karcher* ProChem* AFD HEPA

OEM#: 98409300

Case Quantity: 4 - 1 packs

Material:

HEPA Certified Filtration Efficiency
99.97% @ 0.3µm

Dimensions: 16" x 19" x 2"

TRIAD *

Janitized® Part #:

JAN-IVF187

Designed to Fit:

Triad* - Karcher* Prochem* AFD
Carbon Pre-Filter

OEM#: 86341690

Case Quantity: 4 - 1 packs

Material: Pelletized Activated Carbon

Dimensions: 16" x 16" x 1"

TRIAD*

Janitized® Part #:

JAN-HVAC186

Designed to Fit:

Triad* - Karcher* Prochem* AFD
Stage 1 Pre-Filter

OEM#: 98409550

Case Quantity: 12 - 1 packs

Material: Polypropylene Co-pleated with wire mesh

Dimensions: 16" x 16" x 1"

NaDCC - Each rapidly dissolving 48.21% sodium dichloro-s-triazinetrione tablet is the equivalent of 29% available chlorine, a broad spectrum and sporicidal disinfectant. 1 tub of 950 tablets will produce 190 gallons of liquid bleach.

Advantages

- No harsh fumes for the end user
- Less corrosive to surfaces compared to liquid bleach
- Neutral and consistent pH levels
- Made in the USA and EPA registered
- Tablets have a 3 year shelf life
- Flexibility - Easily control the level of dilution to match your specific disinfectant requirements.
- Safe & convenient - No handling or measuring concentrated hazardous liquids

KILLS

pH NEUTRAL:
GENTLE ON
SURFACES

NO HARSH
FUMES

Results

- Kills C. difficile spores in 10 minutes
- 99.9% effective against respiratory syncytial viruses and influenza H1N1 (colds and flu)
- Better than liquid bleach:
 - more sustainable
 - easier to handle and store
 - stable formulation
- Use as a sanitizer, broad-spectrum disinfectant and/or sporicide
