

# JUMBO ROLLS

**PRO-SERIES® Jumbo Rolls** are available in a variety of materials to meet every wiping need.

The most economical format for high volume use, Jumbo Rolls offer high sheet counts, low cost per wipe, and require fewer changeouts than other formats. Floor stand dispensers are the perfect solution for portability and ease of handling. Alternatively, breakaway cores provide the flexibility to center-pull dispense.

Ideal applications include Food Processing, Auto Body Repair, Industrial Shops, Manufacturing Floors, and Fleet Maintenance.
