

Pro-Series®

SURFACE CARE

Cleaning, Sanitizing and Disinfecting Wipes

PRE-SATURATED WET WIPES

Disinfectant Wipes

- Kills 99.9% of bacteria in just 15 seconds*
- Kills SARS-CoV-2 on hard non-porous surfaces in 30 seconds
- Kills Monkeypox on hard non-porous surfaces in 1 minute**
- EPA-registered broad spectrum wipes with quat-based formulation (alcohol and bleach free)
- Use for sanitizing hard non-porous surfaces followed by a potable water rinse for direct food contact surfaces
- Jumbo roll format for compatibility with standard stationary dispensing systems
- Reusable mobile dispenser system and large format rolls minimize plastic waste

Follow 'Directions for Use' for efficacy against SARS-CoV-2 and 22 other pathogens including E. Coli, Staph, Klebsiella pneumoniae, Listeria monocytogenes, Herpes simplex virus 1 & 2, Flu virus, HBV, HCV, and HIV-1.
 *Staphylococcus aureus (Staph), Klebsiella pneumoniae, Listeria monocytogenes, Escherichia coli (E. coli) O157:H7
 **Under the EPA's Emerging Viral Pathogens (EVP) policy, when used in accordance with the directions for use against Human Rotavirus (ATCC VR-2018), this product will kill the Monkeypox virus on hard non-porous surfaces in 1 minute.

Surface Cleaning Wipes

- Clean and deodorize hard surfaces in one easy step
- Quat-based formulation (alcohol and bleach free)
- Strong multipurpose wipes stand up to the toughest cleaning jobs
- Jumbo roll format for compatibility with standard stationary dispensing systems
- Reusable mobile dispenser system and large format rolls minimize plastic waste

PRODUCT INFORMATION

Make the switch! **Just one** 600-count roll with our reusable mobile bucket replaces **eight** 75-count canisters

ITEM	PART #	FORMAT	SIZE (IN)	DESCRIPTION	CASE QTY	PALLET QTY

REFILLABLE SURFACE WIPING SYSTEMS

Charging Buckets

- Create an easy-to-use, custom saturated sanitation system for cleaning, sanitizing or disinfecting
- Industrial-quality, refillable buckets with locking lids available in three configurations to accommodate a broad range of wipe sizes and formats
- All buckets come with writable label or pre-printed area in GHS-compliant format
- Every case includes instructions for creating a soak & wipe system for cleaning, sanitizing or disinfecting using PRO-SERIES® Wipers and your preferred chemical solution

Refill Wipes

- Professional grade, durable wipes engineered for cleanliness, performance and cloth-like strength when used wet or dry
- Available in several sizes and formats to accommodate a wide variety of task work
- CLASSIC® Towels made from bulky high performance material with small apertures that allow for quick pickup of debris are compatible with all commonly used sanitizers and disinfectants. Available in bulk or included in starter kits with buckets.
- PRISTINE® Wipers are compatible with hydrogen peroxide-, alcohol-, or bleach-based sanitizers and disinfectants
