PRODUCT GUIDE

MORE THAN JUST WE ARE FRAGRANCE

LUXURY FRAGRANCE FOR AWAY-FROM-HOME SPACES

Treat your visitors to premium fragrances and keep them coming back

Fragrance is an essential element in any space. Perfumes can conjure memories or stimulate emotional experiences, communicate cleanliness or make guests feel comfortably at home. At F-MATIC we are passionate about dispensing authentic, evocative fragrances that satisfy the senses without overpowering. With over forty years of experience in developing the industry's most-celebrated scents, F-MATIC can confidently claim the title of The Scent Experts.

We invite you to explore your senses with F-MATIC's celebrated selection of signature scents. Specifically formulated for public spaces, these fragrances will create a lasting impression on your visitors. A great-smelling space is welcoming and comforting. Create a atmosphere that feels clean and inviting by keeping odors at bay with our premium fragrances.

The background of the entire page is a close-up photograph of blue hydrangea flowers, which are slightly out of focus, creating a soft, textured backdrop. The flowers are a deep blue color, and their petals are layered, showing some detail in the veins.

FINE GEL AIR FRESHENERS, FRAGRANCE INNOVATORS

THE STORY OF F-MATIC

We're more than air fresheners; we're fragrance innovators

F-MATIC started in 1981 as a business specializing in fine gel air fresheners, deodorizers, and fragrance additives. Inspired by our early success we were driven to look for ways to offer better quality and value to our customers. We decided to expand our business to not only better serve our customers, but to incorporate new technologies and products. Over the years we have grown to offer a variety of commercial air-care, skin care, cleaning products, and paper. In the process we established connections worldwide to help us achieve our goal of developing new and inventive ways to fragrance public spaces. By becoming the manufacturer of our award-winning passive air fresheners, we have the ability to keep prices and minimums low while creating employment opportunities for many in our community.

AIR CARE

Set it & forget it passive twist

Have you tried the newest Twist in passive air-care? We listened to the needs of our customers and combined the best aspects of our passive systems with an innovative new shell that eliminates the need for wrappers, clips, batteries, and fussy activation. The best part of our new design is its resistance to spills and leakage with the creation of our TWIST & CLICK locking cartridge. **Twist case quantity 48 pieces (8 boxes of 6 refills)**

Fragrance You Can Trust

Metered Sprays

The combination of a dual odor-conteractant system and an ultra-dry, ultra-fine mist of premium fragrance give the F-MATIC Metered Spray Air Fresheners the upper hand on tough odors. Free of glycol ethers, the ultra-dry formula means no drips on walls, no pools on floors, and fewer slips and falls in public spaces. We outsmart the competition by offering more sprays per can (3,400) vs. 3,000), making F-MATIC Metered Sprays a longer-lasting, more economical product. What's more, our metered spray air fresheners fit in most competitive commercial air freshener spray dispensers for an easy switch to our superior product.

3000 Metered Aerosol Spray

F-MATIC Metered Sprays provide an ultra-dry spray to eliminate odors. 3000 Sprays have an extra 400 sprays per can making our product longer lasting.

FACILITY CARE

FRESH FIXTURES WITH THE OMNIGUARD AND MORE.

WHAT ARE CUSTOMERS SAYING ABOUT OMNIGUARD?

"F-Matic's OmniGuard urinal maintenance product is a unique product that solves the serious problem of urinal odor, scale and clogging." –Daren

"Works as advertised. Pipes from 1968 in 600,000 sq ft building mostly cleared in about 2 months." –Jedediah

"By far the best urinal cleaner around. Took away years worth of build up in weeks. Highly recommended." –Jordan

OmniGuard attacks odors at their source by removing years of buildup and halting the accumulation of limescale and calcium that often causes costly plumbing bills. It eliminates odors directly around the urinal, helping you maintain the clean presentation of your commercial restroom. Its eco-friendly, recycled refill fits most urinals, takes only seconds to install, requires no tools or restroom modifications, and is completely paradichlorobenzene-free.

OUR SERVICES

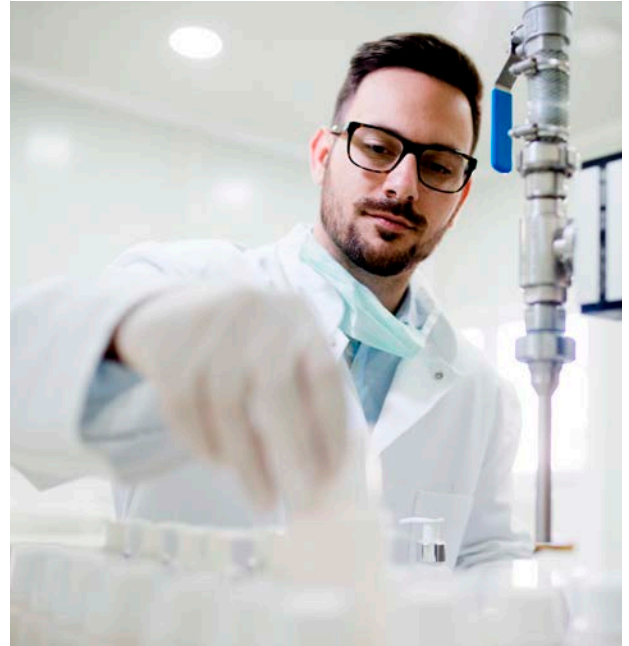

PRODUCT DEVELOPMENT & QUALITY CONTROL

When it comes to innovation and service, trust F-MATIC Labs to bring your ideas to life. With our forward-thinking and innovative approach to product development, we create industry-leading formulations and packaging combinations. Companies can come to us with a product idea and our engineering and industrial design teams create it to specification. We routinely develop new product lines and improve upon existing ones.

Our product development team works with lab staff to perfect formulations so your product vision is actualized. Quality Control will assure that you get the same quality product again and again as our production team ensures flawless fulfillment.

You will have access to packaging specialists who will determine the optimal packaging and branding solutions for your product and marketing needs.

F-MATIC Labs is committed to providing the highest quality products and solutions tailored to meet the individual needs of our clients. We require and maintain the highest level of quality in our suppliers, materials, processes and equipment.

F-MATIC Labs can provide everything from lab work, product development, controlling finished results, and flawless fulfillment in manufacturing. Our quality control standards are strict in every area, checking and verifying quality and consistency through numerous human inspections and through automatic weighing machines to maintain consistency. We have different quality procedures in every manufacturing and packaging line. Every item that is produced is ready, correct and exactly what the client expects.

CUSTOM FRAGRANCES

Whether a customer needs F-MATIC Labs to manufacture an existing product line or they require something completely new and innovative, we have the capability to provide services at competitive price. F-Matic Labs takes clients' ideas and puts them into production, creating whatever the customer wants.

Many companies come to F-MATIC Labs with an exact vision of their product or an existing product line including formulations that they'd like us to produce. Other customers may need guidance to create a completely custom solution. In every case, we manufacture and fill products according to our clients' specific vision.

From development and sourcing of product, to engineering of the perfect delivery system, our experienced production staff guarantees affordable, easy-to-use products of the highest quality.

MANUFACTURING

F-MATIC Labs partners with some of the largest fragrance companies in the world. Our expertise in creating fragranced home, personal, and janitorial products is part of what makes us unique. Our development capabilities are literally limitless. We can customize any fragrance for any kind of business, application, product or promotional item.

Whether your company wants to create a signature scent, fashion a very specific seasonal ambiance, or standardize the experience of guests in any location around the world, F-MATIC Labs is uniquely qualified to develop the fragrance that meets your specific need. We have delivered signature scents to world-class hotels, retail companies, industrial manufacturers, and more.

SOURCING

We have decades-long relationships with manufacturers around the globe. With hundreds of contacts and our attention to detail, you have the opportunity for F-MATIC Labs to source any product you can imagine. From the time you submit your concept to the delivery of your merchandise, you'll have one point of contact to guide you through the process. You'll get one-on-one help from our dedicated sourcing team to bring your products to

life. No need to worry about delays or communication issues. We take pride in helping our customers create better products while increasing margins. Helping entrepreneurs and established companies create their vision and expand their brand is what we do.

Your brand possibilities are limitless so don't hesitate to ask us how we can make your idea a reality. We can't wait to help you initiate your new project.
